Charitable Vending Donation Program

A Win-Win Proposition

- **The Charitable Vending Donation Program helps raise donations for charitable organizations by donating part of the profits from vending machines and all of the donations from the attached donation boxes to their organization. Once the vending equipment has been installed at the charity location we begin a program with the potential to place the same customized machines in businesses all over the community creating multiple locations for you the vending operator. This is made possible by the willingness of the businesses in the community to help the local charity through vending donations from the vending machines at their location. The businesses agree to forfeit any commissions so that money can go to the charity. You gain vending locations, the charity receives donations from multiple locations and the business gets improved vending service, selection and equipment. Everybody wins!**

The Possibilities are Endless!

Questions & Answers

- **Q. Do I have to purchase vending equipment?**
- **A. Yes. Our contracts with the charity locations and other businesses require our customized vending equipment. We offer no money down financing to qualified buyers.**

- **Q. How large are the locations?**
- **A. We understand the the locations must cash flow. Our locations normally range from 80 to 250 employees.**

- **Q. Can I inspect the location before I agree to take it?**
- **A. Yes. We will set up an appointment for you to visit the location and meet with the management there. You may accept or reject the location based on your assessment.**

- **Q. What if I lose the location?**
- **A. Losing a location can happen to all vending companies anytime and is not unique to this program. Although there are no guarantees we would attempt to assist you in finding a new location for the machines to be placed. It is in our best interests as well as yours.**

- **Q. Are the vending machines delivered to the location?**
- **A. Yes. We will bring the machines to the vending location remove all of the packing materials and set them in place for you.**
